

## **Old Tacoma Cemetery Pet Burial & Cremation Services**

Chambers Creek Pet Cemetery was developed specifically to offer options for dignified burial of pets that do become part of our families. To some, the loss of a pet can be nearly as traumatic as the loss of a family member and in recognition of this, New Tacoma Cemeteries and Funeral Home created a beautiful, natural and serene pet cemetery adjacent to our main cemetery on Chambers Creek Road here in University Place.

We offer full burial of pets or the option of cremation with burial of the urn. For those that prefer to take the urn home, we offer a large selection of personalized urns to choose from. With cemetery placement, we also have a variety of pet grave markers to select from.

With pet cremations, we offer completely private, separate cremation of your pet in our dedicated pet cremation chamber. Our cremation equipment is here on the grounds of New Tacoma Cemetery and only operated by our staff. We will also transport your pet from your home or veterinary clinic in the Tacoma and surrounding areas.

Should you have questions regarding any of our pet services, please call our office and speak to one of our counselors. We are committed to providing the same level of professionalism, compassion and dignity to pets as we are to any family suffering a loss.

New Tacoma offers FREE pet cremation services to any Law Enforcement K-9 dog.
